AGENDA

Please list below the topics the chair reasonably anticipates will be discussed at the meeting.

Mass Audubon is in the process of preparing a habitat restoration plan for our Nahant Thicket Wildlife Sanctuary (between Furbush Road and Wharf Street). We are particularly interested in gathering public input as we develop this plan. Thank you to everyone who attended our first meeting, we have incorporated your feedback into our planning process and would like to share our proposed restoration options with you. Please join us on **Tuesday May 2nd at 7:00 P.M.** in the Main Hall at the Nahant Town Hall. During the meeting we will:

- Introduce the Mass Audubon team
- Present restoration options on hydrology, trails, and parking
- Gather local perspectives on restoration options and address concerns

We have reached out to direct abutters and other neighbors as well as town staff and other community members. Please feel free to invite others with an interest in the property.

If you are unable to attend this meeting, we would still welcome your input. Please contact Amber Carr at acarr@massaudubon.org or 781-259-2198 with comments or if you have any questions regarding the meeting. We look forward to seeing you there.
