Re: Northeastern University Coastal Sustainability Institute, Nahant – EEA No. 16046

Dear Secretary Theoharides and Ms. Flaherty,

The Town of Nahant is currently in the process of reviewing the Notice of Project Change/Phase I Waiver Request & Draft Environmental Impact Report (“EIR”) submitted by Northeastern University for the proposed Coastal Sustainability Institute project. These documents were published in the November 22, 2019 Environmental Monitor publication Volume 92, Issue 10 and comments are due on December 23, 2019. Due to the size of these documents, the significant number of comments submitted regarding the project’s ENF, and the holiday season, the Town is hereby respectfully requesting a thirty (30) day extension of the comment period from December 23, 2019 to January 23, 2020.

Thank you for your consideration.

Town of Nahant Board of Selectmen,

  
Richard Lombard, Chairman

  
Joshua Antrim
