2. Ongoing Business
   a. Harbormaster – recognizing 2 volunteers – Rob Tibbo, Harbormaster accepted with sadness the resignations of Roz and Andy Puleo as Assistant Harbormasters after 20 years of service. They are the only certified harbormasters. He praised them for their commitment and dedication and presented them with a gift. Mr. Barile gave them golden tickets. Mr. Lombard thanked them for being super citizens. The Board echoed his sentiments.

   b. Sewer Update & Sewer Advisory Committee – Mr. Barile stated that three recent sewer breaks will cost approximately $1.4M. Last meeting the Board voted to form a three member Sewer Committee. Mr. Barile would like to serve, as well as Steve Smith, Mark Cullinan, and Frank McArdle. Consensus was that a four member adhoc committee would be fine and would act as a sounding board for Dennis Ball. Mr. Ball stated that Coughlin Associates has updated the sewer capital plan of 2015 – an extensive study that details all the infrastructure improvements needed. So he has the “map” with plan of action. Mr. Barile stated that Community Compact (CC) funds should have focused on sewer planning. Mr. Cheigren replied that CC funds were granted for IT and Open Space. Mr. Cheigren said technical assistance (not money) was offered for capital planning in October after our plan was in place. We did our capital planning from June – October and did not have a DPW director in place until late October. We have been hindered by having 3 DPW directors, 2 fire chiefs, and 2 library directors. Mr. Barile said that the Town should have focused on sewer improvements sooner and is not happy about it. Mr. Barile respectfully disagrees with Mr. Cheigren and Mr. Cheigren respectfully disagrees with Mr. Barile. Mr. Cheigren stated next step is to go to DOR Finance Board on 5/24 for emergency borrowing, then issue BAN (Bond Anticipation Note), then plan the next reactive and proactive steps. Mr. Cheigren stated that $662K was transferred from reserves to expense for now and as the process unfolds, we can decide how much to borrow for
past and future repairs. Mr. Ball is in process of scrutinizing invoices. The Board thanked Mr. Ball and his team. Mr. Lombard made a motion to write letters of thanks to Mr. Ball and his employees for their performance. Mr. Taylor seconded the motion. Unanimous vote in favor.

Mr. Taylor want to stick to 12/11/17 to 4/15/18 schedule. Mr. Barile doesn’t trust that Unified will get it done in July or December and wants Vicky Masone to appear before the Board and Childs Engineering to give weekly reports. Mr. Chelgren stated Unified hasn’t signed the current change order yet. Mr. Skrip stated that penalty clauses are illegal in Massachusetts. The change order includes a liquidated damages clause of $507 a day for defensible charges if there is a delay.

3. **Town Administrator Report**
   a. **National Grid** – Joe Muraco – Gas Leaks (Board of Health) – Mr. Chelgren said that Nick Bokron, resident had submitted a citizen gas leak petition at Town Meeting which did not pass. Mr. Chelgren presented a local Board of Health bylaw from Weymouth. Mr. Muraco described the three levels of gas leaks 1) immediate 2) hazard - 12 month lead time 3) not hazard – not repaired just tracked. National Grid is working with Department of Public Utilities to replace all the leak prone pipe – cast iron or unprotected steel in the next 20 years. Nahant has 17 miles of pipe – 11 of which need replacement. Plan is to replace 1 – 1 ½ miles per year which will require coordination with DPW paving plan and residents. He doesn’t feel a local BOH by-law would add benefit to the Town. National Grid is regulated by the state – and in the case of two sets of laws – state and local – would follow state regulations.
