

**Nahant Board of Selectmen**  
**Executive Session Meeting Minutes – June 21, 2017**

---

Attendees: Frank Barile, T Taylor, and Jeff Chelgren.

Meeting came to Order at 9:15 PM

The Nahant Board of Selectmen met in executive session to discuss contract negotiations and strategies.

Mr. Chelgren provided the Selectmen copies of the three union contracts (Police, Fire, and DPW) and the personal contract for the Town Administrator. Mr. Chelgren explained that the union contract negotiations will start in late September but that He will provide the Board information at the July meeting regarding comparable COLA's and contract terms. He then walked the board through the tentative terms of the new 4 year Teachers Contract. He explained that whatever happens with the Teachers Contract typically sets the tone for all other negotiations.

The Town Administrator contract was then discussed. Mr. Chelgren explained that personal contracts are not typically negotiated until 6 months before the termination date (which in this situation would be early January, 2018). Mr. Barile asked what the terms of this contract would be, to which Mr. Chelgren explained that it is a 3 year contract that would identify that the COLA would be equal to whatever was received by the unions and other employees for each successive year.

The executive session was adjourned at 9:40 PM.

Minutes prepared by the Town Administrator

Minutes approved this 19th day of July, 2017
