- A. To recommend the Town appropriate for the payment of debt service of principal and borrowing on the \$625,000 Town Wharf Bonding authorized by the 2008 Annual Town Meeting (Article 11F), the sum of \$7,358 from Fiscal Year 2019 Community Preservation Fund revenues, \$41,335 from Community Preservation Open Space Reserves, and \$15,135 from Community Preservation General Reserves.

Supporting Statement – This the final year of a ten-year bond supporting repairs to the Town Wharf and restoration of the building housing Wharf and waterfront activities.

- B. To recommend the Town set aside \$25,108 from Fiscal Year 2019 Community Preservation Fund revenues to be maintained in the Community Preservation Fund Community Housing Account for future appropriation.
- C. To recommend \$5,000 be appropriated from Fiscal Year 2019 Community Preservation Fund revenues for administrative and operating expenses of the Community Preservation Committee.

Supporting Statement – In addition to annual expenses such as dues, help with printing the warrant, etc. these monies are available to assist applicants with professional help in the application process.

- D. To recommend the Town appropriate \$27,020 from Community Preservation General Reserves Fund to fund the final year of a five-year project to preserve and digitize the town's records. The total five-year cost is projected to be approx. \$130,000 as applied for by the Town Clerk on behalf of the Town.

Supporting Statement: This is the last phase of a five-year plan to conserve and rebind the town's historic records under the able administration of Town Clerk Margaret Barile. The records are stored in vault, now conditioned with humidity control and protected from hazards, and are available for research purposes.

- E. To recommend the Town appropriate \$5,685 from Fiscal Year 2019 Community Preservation Fund revenues to fund a project to train volunteers to catalogue and preserve archival records as applied for by the Nahant Historical Society.

Supporting Statement: The Nahant Historical Society is responsible for archives of over 30,000 items which relate the social, political, natural, physical and architectural history of Nahant. These items consist of original documents, photographs, artwork, contemporaneous narratives, books, magazine, and newspaper articles, and a wide variety of other artifacts. The purpose of this grant is to purchase the software and computer hardware in order to create a permanent, Cloud based and accessible electronic archive of all this material, and to train NHS staff and volunteers in creating and using this archive. In recent years, many of these records have been catalogued in Past Perfect software. But there is a backlog of uncatalogued items plus new items as Society takes in approximately 100 artifacts a month, guided by a Collecting Policy. This grant will train volunteers to continue the cataloging and preservation efforts, making these materials readily available, preserving the materials by limiting their handling and enabling researchers ease of access

- F. To recommend, for the preservation of Nahant Public Library, the Town appropriate \$25,000 from the Fiscal Year 2019 Community Preservation Fund 2019 revenues to fund selective, priority building envelope repairs as applied for by the Town.

Supporting Statement – The library building is one of Nahant’s proudest architectural treasures. Over the last two years the Trustees and new librarian have been working to expand library services to the Town, simultaneously dealing with pressing matters of building maintenance while seeking to plan in a forward looking way for major repairs and adaptations to the Library building that will insure it can meet future needs. The 2017 Town Meeting approved the CPC recommendation for a total of \$85,000 for repairs to a small region of the building envelope and the damage to interior walls caused by water infiltration in that region.

Last year’s Town Meeting also approved FY2018 CPC grant for a systematic review of the building envelopes of three of Nahant’s major historic structures—Library, Town Hall, and Ellingwood Chapel—and that review identified \$341,000 of repairs needed over the next five years at the Library alone.

The most pressing of these items, recommended for attention within the next twelve months, totaled \$184,000, \$162,000 of which would be required to rebuild just the tiled stone terrace. Although the CPC recognize the need to protect the building from further deterioration by attending to these most urgent issues, we anticipate that the Library will soon be embarking on a coordinated plan to make major renovations and physical improvements in the building, and we recommend that the terrace reconstruction be addressed in the context of the broader structural repairs and changes.

Therefore, the CPC recommend the allocation of funds to tend to all urgent, recommended repairs to the Library building envelope, except for the terrace, supplemented by an allocation for architectural participation in preparing scope of project documents, assessing contractors’ submissions, and overseeing the work contracted. It is anticipated that the projects for the Public Library, Town Hall and Ellingwood Chapel will be grouped together for architectural services and possibly for the construction work itself.

- G. To recommend the Town appropriate \$45,000 from Fiscal Year 2019 Community Preservation Fund revenues to fund selective, priority building envelope repairs as applied for by the Town.

Supporting Statement – As described in the prior article, FY2018 Community Preservation supported a comprehensive building envelope assessment of Town Hall, the Public Library and Ellingwood Chapel.

Broken down into a five-year phasing plan, this recommendation represents urgent repairs which should be performed in the coming year to maintain a weathertight enclosure. These are a combination of roofing and flashing repairs to window openings. This also includes an allocation for architectural participation in preparing scope of project documents, assessing contractors' submissions, and overseeing the work contracted. It is anticipated that the projects for the Public Library, Town Hall and Ellingwood Chapel will be grouped together for architectural services and possibly for the construction work itself.

- H. To recommend the Town appropriate \$112,000 from the from Fiscal Year 2019 Community Preservation Fund revenues to fund the preservation of the Ellingwood Chapel for critical masonry work as applied for by the Town.

Supporting Statement – As described in the prior article, FY2018 Community Preservation supported a comprehensive building envelope assessment of Town Hall, the Public Library and Ellingwood Chapel. Broken down into a five-year phasing plan, this recommendation represents urgent repairs which should be performed in the coming year to maintain a weathertight enclosure. Of the three buildings, the Chapel stands out as being the most in need of critical masonry repairs, with the most urgent being the north (Nahant road side) elevation of the Tower and its supporting buttresses. A combination of age and exposure are exacerbated by improper repointed in recent decades, trapping moisture within the walls. Visitors to Greenlawn Cemetery will observe the white stains of efflorescence, the results of water exiting the walls leaving salt deposits behind, and moss growth, indications of sufficient moisture to support plant growth. Overall the conditions assessment has estimated some \$500,000 in needed work, which includes some slate and flashing repairs. In addition, the stone wall bordering Nahant Road and entry gate repair extensive repairs.

To supplement this appropriation the Town of Nahant and its Community Preservation Committee have submitted a matching grant application to the Massachusetts Preservation Project Fund administered by the Massachusetts Historical Commission. The grant award will be made in June 2018 and could added some \$65,000 to this appropriation.

This recommendation also includes an allocation for architectural participation in preparing scope of project documents, assessing contractors' submissions, and overseeing the work contracted. It is anticipated that the projects for the Public Library, Town Hall and Ellingwood Chapel will be grouped together for architectural services and possibly for the construction work itself.

- I. To recommend the Town appropriate \$20,000 consisting of the sum of \$8,186 from the Fiscal Year 2019 Community Preservation Fund revenues and \$11,814 from the Community Preservation General Reserves to fund the restoration of the walkway in front of the Nahant Community Center as applied for by the Nahant Preservation Trust.

Supporting Statement – This walkway consists of concrete walks with and frameworks around the commemorative brick panels which represent the support of hundreds of townspeople with dedications and commemorations in saying on the bricks. A combination of deterioration from aggressive salting and inherent design problems have resulted in serious deterioration of the concrete work. The Trust has had remedial repairs make over the past few years but that is pushing off the inevitable need of restoring this to a suitable walking surface. The new walkway will use an exposed aggregate concrete treatment as seen at the Lifesaving Station. The commemorative bricks will remain in their current locations.

- J. To recommend the Town appropriate \$7,750 from the Fiscal Year 2019 Community Preservation Fund revenues to fund the replacement of the gangway at the Wharf as applied for by the Harbormaster/Wharfinger, Town of Nahant.

Supporting Statement – The existing steel gangway with its slippery plywood decking is both hazardous and deteriorating. Its replacement will continue the active functions of the Town Wharf for commercial and recreational boating purposes.

- K. To recommend the Town appropriate \$10,000 from the Fiscal Year 2019 Community Preservation Fund revenues to fund the comprehensive survey of Nahant’s wetlands as delineated in the Zoning Bylaw amendment as applied for by the Town of Nahant.

Supporting Statement – The protection of wetlands is essential for environmental conservation and protection. These concerns relate to coastal flooding as well as natural resources.

- L. To recommend the Town set aside from Fiscal Year 2019 Community Preservation Fund revenues for later appropriation any other amount not otherwise set aside or appropriated as aforesaid to be maintained in the Community Preservation Fund General Reserves Account for later appropriation.
