**Guidelines for Submission**

- 1) Each project request must be submitted on the Community Preservation Committee Project Submission Forms (the “Grant Application FY 2021” beginning on page six)”

Additional information may be attached. In particular, the completion of questions 8 -13, found on page 8, may require the inclusion of additional pages. If additional pages are necessary, please label you text with the appropriate application question number and title.

Example: **8) For acquisition projects.**  
“Applicant’s text”

- 2) Requests must include the need for proposed project and be documented with appropriate support information.
- 3) Obtain quotes for construction project costs whenever possible. If not, cost estimates may be used, provided the basis of the estimate is fully explained. Independent appraisals are encouraged wherever appropriate.

Stipends for project cost estimating for major projects may be requested to assist petitioners in obtaining “Informed Cost Estimates” for their grant preparation. Please contact Mark Cullinan, the Town Administrator, for assistance in this regard.

Also, in formulating your total project cost estimates, professional services such as architectural or engineering are considered as eligible, and often necessary, costs and should be included in your request.

- 4) Requests for funding may be for up to a 5 year period.
- 5) If request is part of a longer-term project, include the total project cost.
- 6) For Departments or Committees that have multiple project requests, prioritize projects.

- 7) Requests should be received by January 30, 2020 to be considered for recommendation at the May 16, 2020 Annual Town Meeting.
- 8) The Community Preservation Committee reserves the right to impose conditions on grant funding, including entering into and recording a preservation and/or conservation restriction in appropriate cases. In all cases, a grant recipient will be required to enter into a written contract with the Town of Nahant agreeing to the terms and conditions of the grant.
- 9) Please keep in mind that the uses of CPA grant funds are limited by the enabling legislation. Pages four and five of this document provide some important definitions as they are applied by MGL Ch.44B Sec.2, as amended June 28, 2012.

The Department of Revenue (DOR) published “Informational Guideline Release No. 00-209, December 2000” that contains a glossary and other information relevant to the Community Preservation Act, it can be found at the web site address listed below:

<http://www.mass.gov/dor/docs/dls/publ/igr/2000/2000209igr.pdf>

The DOR also summarizes Community Preservation Fund allowable spending purposes (M.G.L/ c/ 44b §5) in a chart found here:

<http://www.communitypreservation.org/DOR-Allowable-Uses-2012.pdf>

10. Annually the Committee reviews the implementation progress of prior year grants and has set criteria of 18 months and 36 months respectively for the latest start and completion dates. Grants failing to demonstrate this level of commitment and progress will be reviewed for possible forfeiture of the appropriation. Any such funds reclaimed will be returned to the town’s respective community preservation act reserve for future appropriation.

Please complete the application form with as much detail as possible, incomplete forms may be returned to the applicant. If you encounter any difficulty while completing the application you may contact a committee member for assistance. If you are in doubt about your projects eligibility, please submit an application so that we have the opportunity to review it.

**1) Project Name:** Spring Road Park & Basketball Court

**2) Project Description:**

This is a rehabilitation project that will make the equipment and related facilities more functional for the intended recreational use of the Spring Road Park and Basketball Court. This project would resurface and paint the basketball court as well as install 2 new basketball hoops. It will also feature the installation of a new perimeter fence along the vegetation that surrounds the court. Currently there is poisonous and invasive vegetation surrounding the court. The fence will improve the functionality of the park by preventing sports equipment from inadvertently entering the vegetation. It will also provide a barrier between the park and the Town's compost site. The resurfacing, paint and new basketball hoops will improve the use of this recreational area as it has not experienced improvement in quite some time. For relatively low costs, this project would make a large impression.

**3) Grant Amount Requested:** \$12,000.00

**4) Contribution to the preservation of Nahant's unique character:**

Parks provide an essential connection for residents of all ages and abilities to the life-enhancing benefits of nature and the outdoors. We want to continue to entice and encourage community sports in our community and show that support by investing in our recreational spaces. All recreational areas play a helping role in bringing our community together and emits a positive social/cultural impact.
